Ms. Partin referenced City of Columbia Director of Utilities reporting \$137,000, and she stated the City of Cayce is much lower than that. She also stated that what was approved here was a lot higher. Chairman MacDougall stated for the rate payers that the Commission had a Class and Compensation Study done for this position in discussion and the Commission is still at the medial level for that position.

The Chairman addressed item ten (10) regarding announcements. Chairman MacDougall stated that the next Commission meeting will be held Wednesday, March 9<sup>th</sup>. Mr. Lancer Shull thanked the board for the support regarding the water agreement between the Commission and Batesburg-Leesville.
